

INVEST WITH YOUR LOCAL HOME INSPECTOR AND AMERICAN HOME WARRANTY!

When faced with a large investment we all want to make sure we are getting the most for our hard-earned-money. That's why 80% of home buyers and sellers prefer to have a home inspection that includes some form of home warranty protection in their transactions.

By helping your clients select home inspectors who provide the American Home Warranty limited warranty as part of their professional package of services, you help them gain a measure of protection and peace of mind. The best part is that the limited warranty costs the client and you nothing extra!

We provide two limited warranty options that the home inspector can use for the benefit of you and your client, whether buyer or seller. Our 90-Day Limited Warranty provides valuable interim coverage for your buyer. Our 120-Day Limited Warranty provides protection and peace of mind for your seller during the critical period of ownership transition. All parties receive beneficial coverage and protection, including you as the agent. Our products complement other long-term warranty products allowing you to add value to your client's transaction.
